*As students of Assumption College we have learned many things about ourselves, others, and the world around us. We have learned to think critically, use sound judgement, and make mature decisions. Inside the classroom, as well as all about campus, we have come into contact with many individuals who have helped shape our*

*lives. Fr. Dave, you are one of these people. Assumption College is truly blessed each day by your presence. You have helped form Christ in each of us by being more than a priest, more than a professor, and more than an administrator. You are our friend. You have a special way of educating young people and have served as a source of inspiration, leading us to believe in ourselves.*

*As a member of Assumption's Class of 1979, this marks the 20th anniversary of your graduation. Since then you have become a profound professor of history, a faithful advisor to the Student Government Association, a tireless administrator, and have taught the Assumption community the importance of "Waking Up" to the 7pm mass. Your ability to be present both in our academic and student life experience reflects your versatility and dedication to the school. Very few individuals have ever been such a positive influence on a college campus. We thank you for your patience, kindness, and love. To you F.D., the Class of 1999 dedicates this yearbook.*

*God Bless you!*

# Assumption's 15th President

*Among the many exciting events that have taken place this year, none have been as exciting as the welcoming of Assumption's fifteenth president. On August 11, 1998, Dr. Thomas Plough, his wife Monty, John and Seth two of their four sons, and their dog, "Red" departed Fargo, North Dakota for their new home at Assumption College.*

*Since then, the President has settled into his new home, welcomed the Freshmen class, begun a new academic year, and overseen the completion of the Living / Learning Center. Throughout his Presidency, Dr. Plough hopes to stress the importance of the college's mission, improve the school both academically and financially, and increase the interaction between faculty, students and administration.*

*The student body congratulates Dr. Plough on his first year as president of Assumption College and wishes him many years of continued success.*

*Dr. Plough and his wife held a reception for the senior class to give the members of the class of '99 the chance to get to know Assumption's fifteenth president.*

# The Living Learning Center

*The Living Learning Center has become the envy of the campus. The dorm is like nothing we have ever seen at Assumption College.*

*From new appliances to wooden beds, the LLC is a state of the art facility. With six floors, the building has many standout features such as self controlled panels for air conditioning in each room, classrooms on three floors, five wheel chair accessible units, a function facility and board room.*

*However residents must work to stay in the new building. Students must complete a year-long project. These projects are meant to enrich the lives of students beyond the classroom. Projects include history of the olympics, health and fitness, famous novels and their movie adaptations, and even dancing.*

*Above all, the LLC encourages social, cultural, and academic development and provides students with essential living skills they will use throughout life.*

# Bike Across America

Who would ever think of spending 259 hours, 50 days, and 3,478 miles on a bike? On September 15, 1998, the Assumption College Community welcomed home someone who did just that. Through crowds of students, family and friends who lined the campus streets, came Ann McCarron, Director of the Plourde Recreation Center, our local heroine.

"My journey didn't just start fifty days ago, it started when I was seven years old, I took the fifty days and wanted to pedal across America to help myself heal as a victim of child sexual abuse, though more importantly to help other victims across America heal," said McCarron.

Bike Across America was much more than an individual effort. Her dedication to this cause should be an inspiration to all of us to follow our dreams and work toward our goals.

# Freshman Year '95-'96

# Sophomore Year '96-'97

# Junior Year '97-'98

# Senior Year '98-'99

We began our college careers four years ago with freshman orientation. Since then, we have made many friends. Some we have known for four years, others we have known for less. However, all of them in one way or another have touched our lives and helped to shape the people we have become.

We moved in together. We learned our way around campus together. We ate at Taylor Dining Hall together. We went to WPI together. We worked together. We heard the OJ verdict together. We walked back from 6 men together. We went to Rosie's together. We hung out in the quad together. We learned lessons together. We played pool together. We got locked out of our dorm together. We had fun at Pup Cup together. We applied for credit cards together. We went into debt together. We took Yellow Cab together. We had food fights together. We went to the Fashion Outlets together.

We checked our mail together. We played sports together. We won together. We lost together. We did laundry together. We went to the Halloween Dance together. We dropped hundreds of dollars on books together. We played snow football together. We went to the Plourde together. We suffered the consequences of Worcester Hall's "Around the World Party" together. We dealt with class registration together. We made late night trips to Denny's together. We made fools of ourselves during intramurals together. We searched for parking spaces together. We rooted for AC together. We woke up for 3am fire alarms together. We watched the Super Bowl together.

We laughed together. We did homework together. We went to Dunkin' Donuts together. We prayed for snow days together. We volunteered together. We had deep conversations together. We pulled all-nighters together. We celebrated birthdays together. We went to the Centrum together. We experienced Junior Weekend together. We made it through finals together. We saw Titanic together. We went running together. We shopped at Easy Pieces together. We sang along with Parrillo together. We partied together. We got written up together. We went to East Side Mario's together. We watched WACT together. We played video games together. We lived together.

We skipped class together. We saw Gretzky retire together. We went to the 99 Days Party together. We waited for Golden's together. We attended the Holiday Ball together. We hung out with Joe Golia together. We went grocery shopping together. We "Woke Up to the 7pm Mass" together. We saw McGuire's 70th homerun together. We went to Jake Ivory's together. We were victims of ACC together. We heard the Alan Beaconsfield Band play together. We went to Irish Times together. We prepared for interviews together. We worried about our futures together. We got ripped off at Peking Wok together. We went to the 50 Days Party together. We danced together. We spent time with Fr. Dave together. We learned more about Clinton than we ever imagined together. We rode school buses together. We went on vacation together. We saw Dr. Plough become President together. We saw Jordan retire together. We read Cozz's Corner together. We watched wrestling together. We ruined our cars and waited in traffic on Salisbury St. together. We had an unbelievable time during Senior Week together. We graduated together. We moved out together. We said good-bye together. We cried together.

At some point, while all of these things took place... we grew up together... without even noticing it.

# Suds n' Grub

*On Saturday, September 5, the class of 1999 gathered behind the Hagan Campus*

*Center for their first event of senior year. It was a bright, sunny day, perfect for eating, drinking, & partying with friends. There was plenty of beer & apparently some seniors decided to wear it rather than drink it. A good (and wet) time was had by all.*

# 1st Club 21

On Saturday, September 19, the class of '99 gathered at the Hagan Campus Center for what would be the first of many fun Club 21's. The theme

of the night was football, with reduced cover to anyone wearing Patriots clothing. As we danced the night away, we anticipated what was to be a memorable senior year.

# PAW Beer Tent

Parent Alumni Weekend, October 2-4, 1998, was filled with a variety of activities to do and things to see. Many different parts of campus were involved and the senior class was not about to miss out on the action. The senior class officers and senators hosted a beer tent for parents and alumni. It was a chance to catch up with parents and past AC graduates over a cold brew.

# Club 21-Class Gift

*On Saturday, October 17, 1998, the seniors gathered in the Junction for the second Club 21 of the year. Upon entering each member of the class was asked to give an idea for the senior class gift. Many outrageous ideas rolled in but only one, an outdoor volleyball court, was good enough to make the cut.*

# Halloween Club 21

*It was an all together frightening night as we arrived at club 21 in an array of interesting costumes. Some were scary, some were cute , and some were downright hilarious, with the prize going to the crossdressing crew.*

# 70's Club 21

*Here we are getting our groove on 70's style . The senior class, decked out in bellbottoms and butterfly collars, boogied the night away to tunes by Abba and The Village People.*

# Happy Birthday Club 21

*On January 23, 1999, the first club 21 of the semester was held in the Junction. Finally the entire senior class could drink legally! It was time to retire all our fake IDs to the underclassmen as we began our last and most memorable semester of our college career.*

# Alumni Club 21

*Alumni Club 21, held on January 30, welcomed the chance to catch up on old times*

*with the class of '98 as well as other past A.C. graduates. It was one big happy reunion as DJ Dan Marshall spun the tunes and the SGA seniors served rounds of Cider Jacks, Bud*

*Lights, and wine coolers.*

# 99 Days Party

On Friday, February 19, the senior class, in cocktail dresses and shirts and ties, arrived at Maxwell Silverman's in Worcester to celebrate the beginning of the countdown 'till graduation. As we danced the night away, there was a mixture of emotions; happiness that we were together and sadness, that we had only days left at Assumption.

# Club 21- Happy St. Patrick's Day

*It didn't matter if you were Irish or not on Saturday, March 20, because everyone's eyes were smiling at the St. Patrick's Day Club 21! The Hagan*

*Campus Center was decked out in green, with the first 200 in the door receiving commemorative mugs to hold their beer. It was a memorable night of drinking & enjoying time with friends, as we celebrated like only the Irish can.*

# 50 Days Party

On Friday, April 9, 1999, the class of '99 gathered at the Holden Hills Country Club for the 50 days 'till graduation party. With everyone dressed in their best, it was a night filled with fun and good times as we celebrated the countdown to May 22 with our friends.

# Suds n' Grub

On Saturday, April 24, the seniors gathered behind the Hagan Campus Center for the second round of Suds n' Grub. It was a cool, but sunny day. We attempted to finish all the kegs while munching on burgers and hot dogs. We celebrated from 2-7, then changed our beer soaked clothes & went out again!

# Karaoke Club 21

We didn't want to believe it, but the last Club 21 had arrived on April 30th. Sure we were sad, but there was no time for tears as we sang, or tried to sing, the night away. All in all, karaoke night was a memorable occasion!

Who's to say it's over or even this has to come to an end  
because when I look back I'll smile, for in you I will always have  
a friend.

*In this life, nothing good is ever truly lost. So part of you goes everywhere  
with me, and part of me is yours forever.*

***In friendship we find nothing false or insincere, everything is  
straight foward and from the heart.***

*I always knew the things that made me cry would make  
me laugh, but I never knew the things that made me  
laugh would make me cry.*

When years shall have passed, dreams faded, and  
retrospects begun there yet will remain to each  
of you that most important and most consoling of  
all aftermaths-soothing memories.

*Some people come into our lives and go so quickly. And others stay for a  
while and leave footprints in our hearts and we are never the same.*

I promised I would never leave you & you should always know wherever  
you go no matter where you are I never will be far away - still so many  
things I want to say - In my heart there will always be a part of you.

*We laughed until we had to cry, and we loved right down to the last  
goodbye & through the tears we'll recall, we had it all.*

I'm so glad we had this time together just to laugh & sing a song. Seems  
like we just got started, & then before you know it, comes time to say  
so-long.

*College has helped prepare you for your life work. Here's what we have learned from experience:*

- Sustain your thirst for knowledge to achieve flexibility and broad skills. Your changing environment require it and while you can't change the direction of the wind, you can adjust your sails;*
- Place great value on integrity and never compromise yours for you have to live with yourself;*
- You won't like everyone you encounter. Be kind anyway for you don't know what burden they carry;*
- When the weight of your problems becomes too heavy- give them to God to carry for you. You can't accomplish everything alone;*
- Prioritize your family over everything else;*

*Use your gifts of knowledge and energy to improve the world for others. Know that dad and I, Kathy, Rich, and Nick are always here for you. With all our love and admiration, Mom, Dad, Kathy, Rich & Nick*

Sometimes it's so hard to believe that you have grown

*Pat- You have always been so curious and analytical even way back then. Life has not always been fair but you kept your head up and are stronger for it. Your strengths are your intellect and honesty. Your joy is in your humor. But your best gift is your heart- kind and true. We love you as a son and big brother. We admire you as a student athlete. But most of all we respect you as a man. There is a river of life to travel, Pat but always take time to laugh and to love. It is a long journey made easier by company of friends and family. We will always be there- Always proud that you are ours.*

### *Anthony Niglio*

*Anthony- Dad and I chose this poem for you. All our love...  
This I ask of my son-  
That you strive to be all that you can be,  
yet never become a copy of another  
That you realize your own unique qualities,  
and all that make you special  
That you open your eyes to the beauty of each day  
That you reach to others less fortunate than you  
That, by giving, you learn the joy of receiving  
That you let go the sadness of the past,  
yet always remember the good moments  
That you learn to accept life as it is,  
even with its problems and dissapointments  
For life is meant to be enjoyed and, at times, endured,  
but never taken for granted  
Just be aware at all times that you are one special person  
among all special persons  
And do the best you can.  
-Rhoda-Katie Hannan*
